PERSONAL SUMMARY

A competent and committed Web Design and Development graduate looking for a rewarding career in the Information Technology sector. Highly focused with a comprehensive knowledge of designing and developing the layout, visual appearance and usability of a website. Possessing a proven track record of successfully completing projects from the concept through to design, testing and handover.

Eager to learn, easy going by nature and able to get along with both work colleagues and senior managers. Currently looking for a suitable graduate web developer position with a progressive employer.

WORK EXPERIENCE

WEB DEVELOPER (TEMPORARY)   June 2022 - Present

- ✓ Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX and JSON coding.
- ✓ Developed wireframes, site maps and content inventories for new website designs.
- ✓ Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- ✓ Assembled and addressed technical and design requirements, integrating user-facing and front-end elements to maintain web presence effectiveness.
- ✓ Coded using HTML, CSS and JavaScript to develop features for both mobile and desktop platforms.
- ✓ Identified bottlenecks and bugs and devised solutions.
- Authored reusable content modules and developed prototypes.
